

## PLANTER AND PLANTS

## Planter and plants

We make different finishes, all based on a careful selection of preserved plants and flowers, to easily choose the one that best combines with the rest of the decoration.

A wide range of plant options that we incorporate to measure in our own containers or in planters or other types of supports that are provided.

**Finish / density: CONTRAST PLANTER / FLORESTA Base filling:  
NATURAL CORK**

Supply of elements for filling PLANTERS with stabilized natural plant, compound of 50mm porex base. Surface coating with high luxuriance (FLORESTA) of plants of the CONTRAST finish, with a height of up to 40cm.

No maintenance, no watering and avoiding direct sunlight. \*Photograph with the same non-binding reference finish.

**Finish / density: CONTRAST / MID PLANTER Base filling:  
NATURAL CORK**

Supply of elements for filling PLANTERS with stabilized natural plant, compound of 50mm porex base. Surface coating with medium lushness (MID) of plants of the CONTRAST finish, with a height of up to 40cm. No maintenance, no watering and avoiding direct sunlight. \*Photograph with the same non-binding reference finish.

Surface coating with high or medium luxuriance (FLORESTA) of plants of the CONTRAST finish, with a height of up to 40cm.

No maintenance, no watering and avoiding direct sunlight.

## PLANTER material:

### Bilaminate countertops

Work surfaces in particle board of wood particles, available in 19 mm thickness, glued with synthetic resins, medium density 650 kg/m3.

### Gardener;

#### Luxe, Zenit and Synchron

18mm thick countertops manufactured in our production plants. With very current chromatics, excellent design and quality.

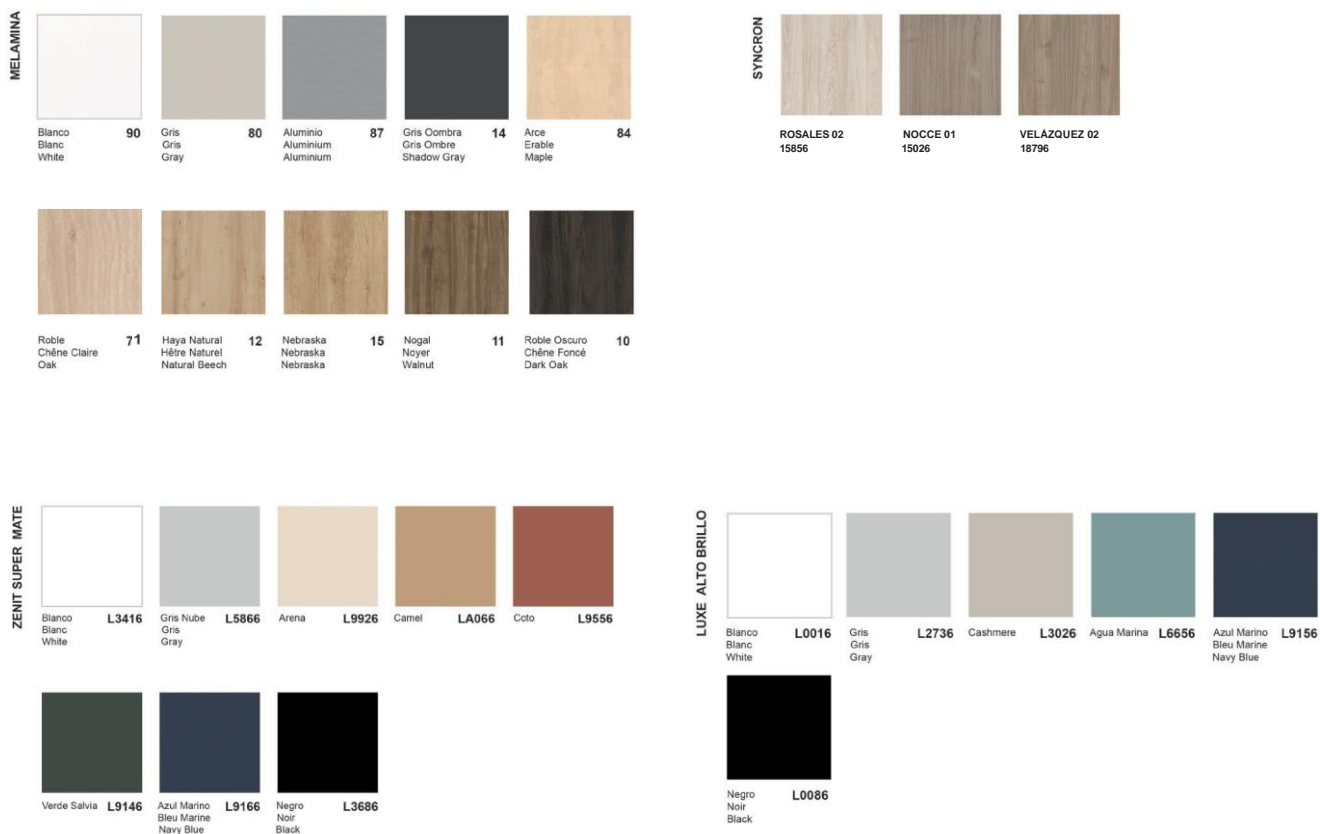

**Luxe:** it is a glossy lacquered surface with a mirror effect, high resistance and anti-

**fingerprint. Zenit:** super-matt lacquered surface with a silky, anti-fingerprint finish.

### Synchron:

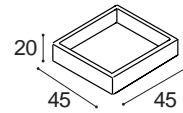

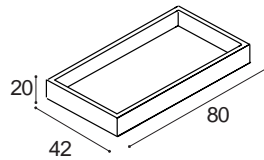

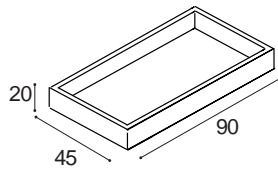

textured surface and the design and embossed finish complement each other for a great naturalness and high decorative level.
